

RIFLE FIGHTING 2.0

What is this?

MG Tactical Advantage is offering a one day rifle course designed to build on the concepts taught in our original Rifle Fighting course with greater emphasis being placed on the employment of the rifle given the realities of a gunfight. While focusing on these realities and the skills necessary to win, this course will validate, or unfortunately invalidate, the way you've been training. Skills are simple, safe, proven, dynamic, legally defensible and immediately deployable.

Training Evolutions include-

- ⊕ Zero theories/check
- ⊕ Threat assessment under stress
- ⊕ Accuracy + movement
- ⊕ Threat dynamics in gunfights
- ⊕ Unconventional positioning

This is NOT a beginner's class. All students are required to have a firm grip on the fundamentals of weapons handling. Be prepared to train all day. Some drills may be physically demanding requiring students to move and change position quickly and safely. MG Tactical Advantage places a premium on safety; all safety protocols will be adhered to.

Cost: \$190.00 (range fee is included)
